The Web Site – Alcoholism Treatment Centers – Does Not Disclose That LHH Is **Not** Primarily an Alcoholism Treatment Center

- **The web site** www.alcoholismtreatmentcenters.us/drug-alcohol-rehab-laguna-honda-hospital-and-rehabilitation-center-sa-sats-san-francisco-ca.html carries the ad shown on the cover of this presentation.
- The ad doesn't mention that in order to be admitted to LHH, patients must have a **primary diagnosis requiring skilled nursing** care. LHH's mental health and substance abuse services are for patients who have a **secondary diagnosis** requiring mental health services.
- Deceptively, the ad shows the name of the facility includes "SA SATS," (it really doesn't). The "Rehabilitation Center" refers to physical rehabilitation.

A Second Web Site — US Drug Rehab Centers — Also Does Not Provide Full Disclosure That LHH Is **Not** Primarily a Drug Rehab Center

- **The web site** www.usdrugrehabcenters.com/drug-rehab-centers/california-drug-rehab-centers/rehabilitation-centerlaguna-honda-hospital-and-11516/?SOLE_DIR_CATEGORY_ID=7796 **also lists LHH as a drug rehab center.**
- It also fails to mention that admission to LHH requires a **primary diagnosis requiring skilled nursing** facility need, and doesn't note that LHH's mental health and substance abuse services are for patients who have a **secondary diagnosis** requiring mental health services in addition to skilled nursing care.
- LHH hasn't provided a detox unit — commonly called a “drunk tank” — for 40 to 60 years.
- LHH's “Rehab Center” focuses on physical, occupational, and speech therapy, not drug rehab.

The screenshot shows the website for US Drug Rehab Centers. The main heading is "US drug rehab centers". Below this is a search bar with "CenterSearch™ Over 14,000 rehab centers listed" and a "GO" button. To the right, there are links for "Add Your Clinic", "Manage Your Ad", and "Login / F". The search results show "Rehabilitation Center Laguna Honda Hospital and" with a description: "Substance abuse treatment, detoxification and methadone maintenance - hospital inpatient for persons with co-occurring mental and substance abuse disorders, persons with HIV/AIDS including criminal justice clients". The contact email is "bsiler@dph.sf.ca.us" and the address is "375 Laguna Honda Boulevard". A red dashed box highlights the title and description text.
