Laguna Honda Volunteers, Inc.'s Administrative "Consultant" Claims Its Mission Is for "Sole Benefit of Patients ...

- But ... after three checks totaling **\$54,636.29 were documented as having been deposited into staff education sub-accounts**, not sub-accounts directly benefiting patients, you would think Volunteer's, Inc.'s board members would clamor for a full audit of LHH's patient gift fund, **rather than claiming they were "assured" by LHH's staff there were no improprieties.**

Dear [REDACTED],

Thank you for your inquiry about the gift fund. We have been assured by the staff of Laguna Honda and the Controller's Office of San Francisco that there was no impropriety.

We have always worked closely with Laguna Honda and will continue doing so for the sole benefit of the residents whom we serve.

Sincerely,

Carol Lynn Fletcher
